In 10 sec: Summary + Key Topics + Flashcards. Boom.

The Action

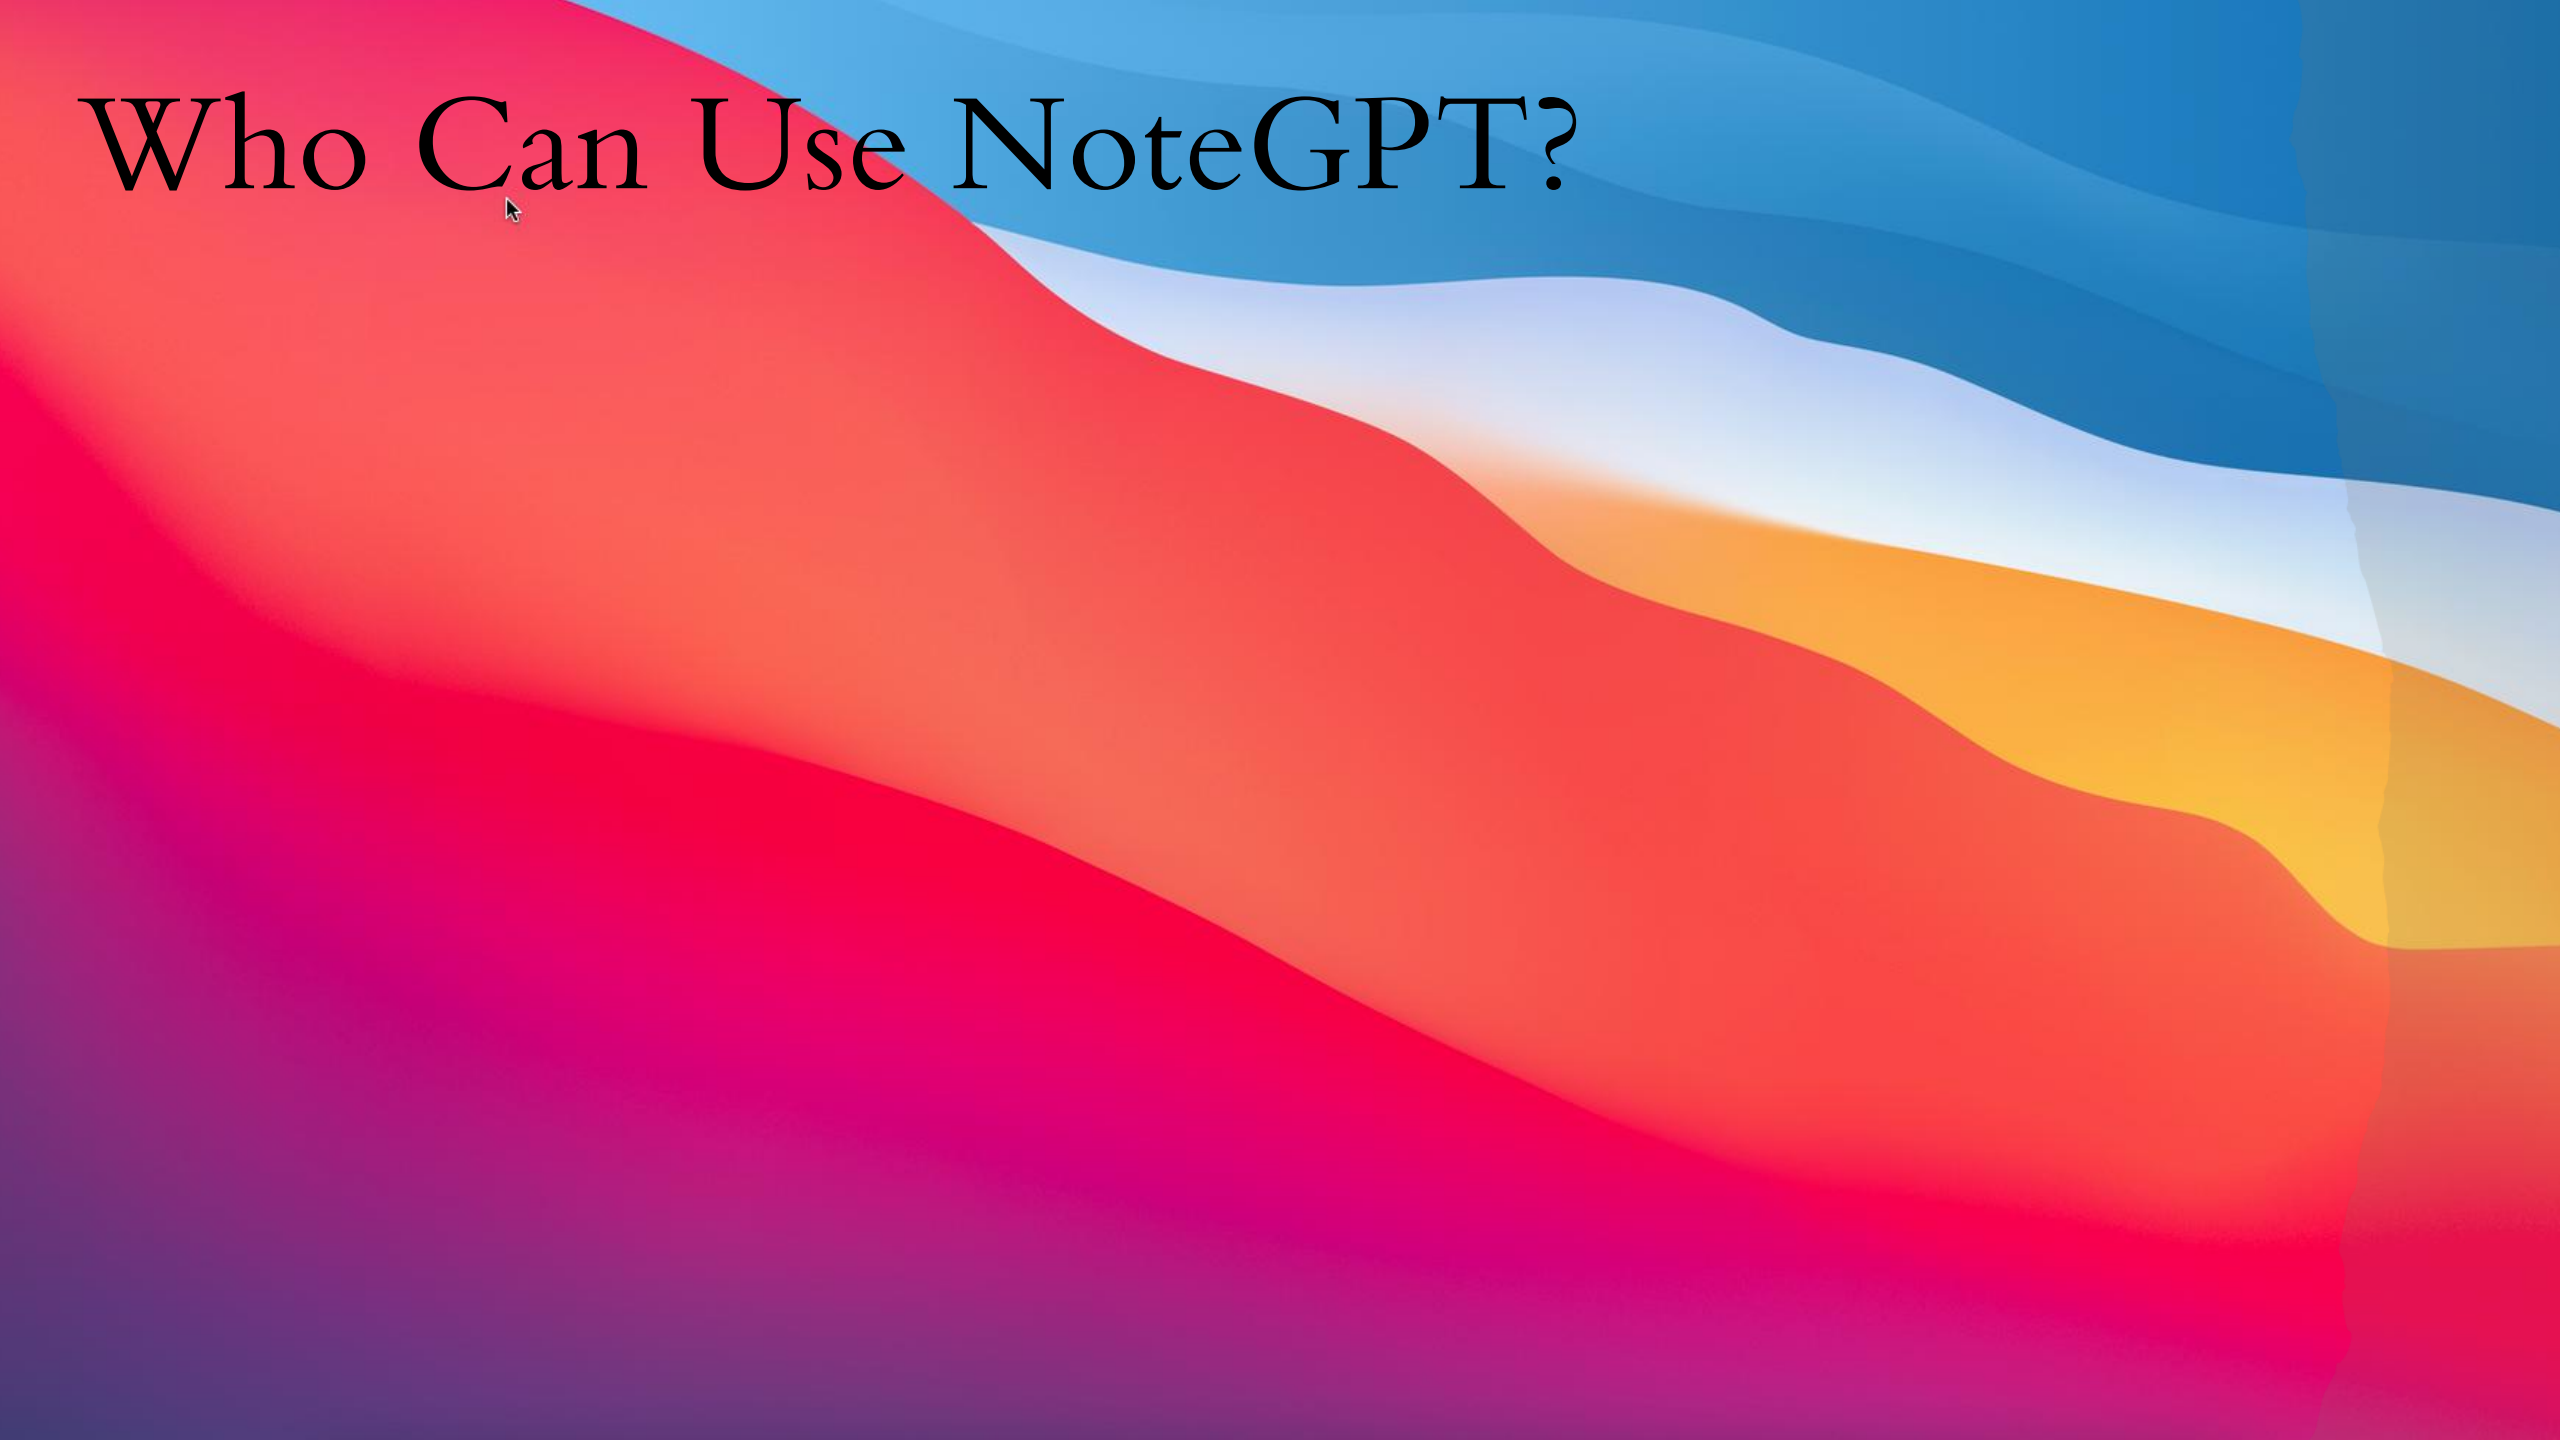

Pasted link into Note GPT AI.
One click. Done.

The Result

Waguri-san's Saved hours, saves her revision, and is fully prepared for the exam.

Who Can Use NoteGPT?

Students.

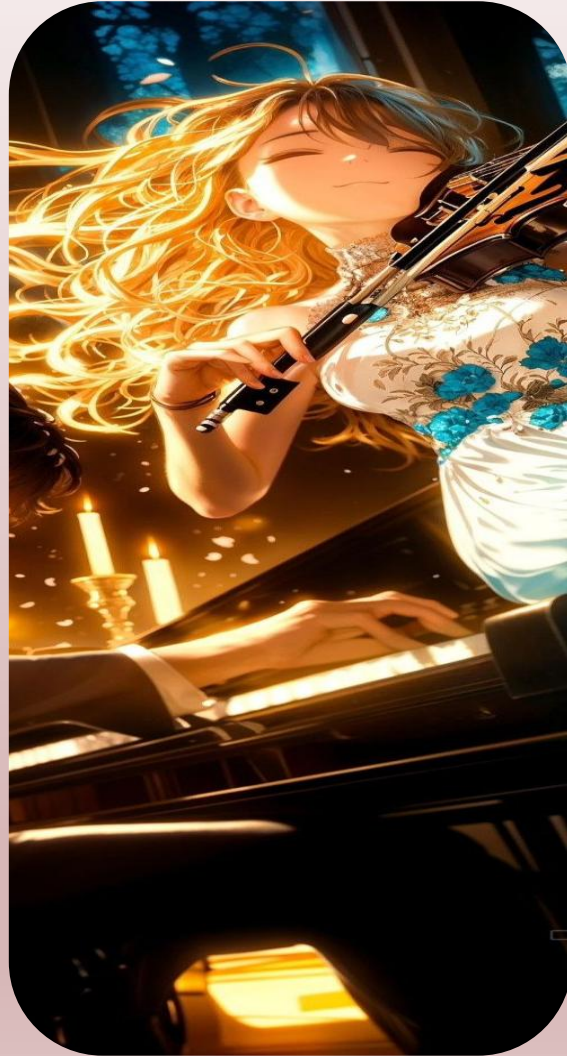

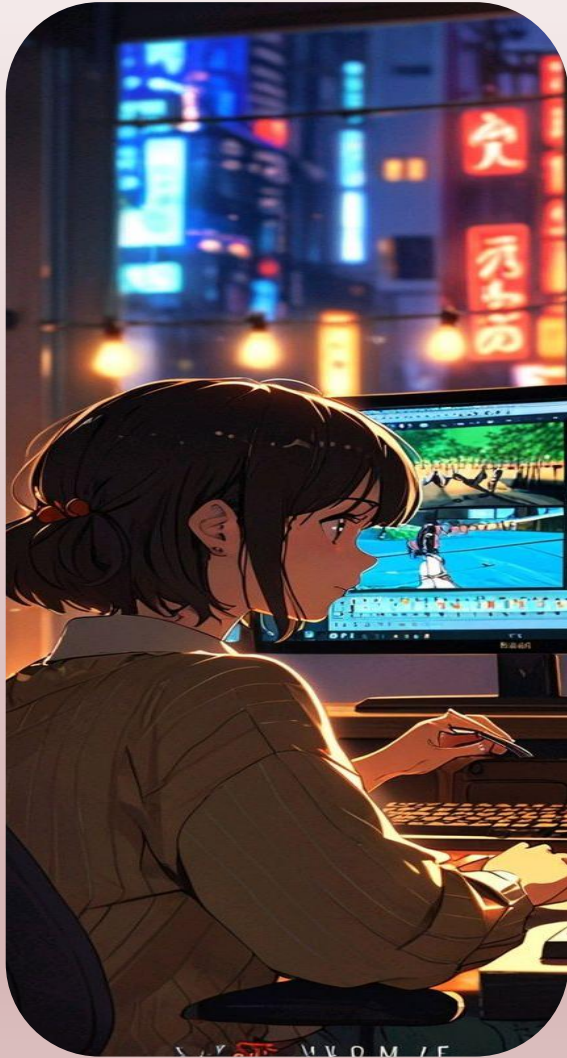

Professionals.

Creators ...

Creators &

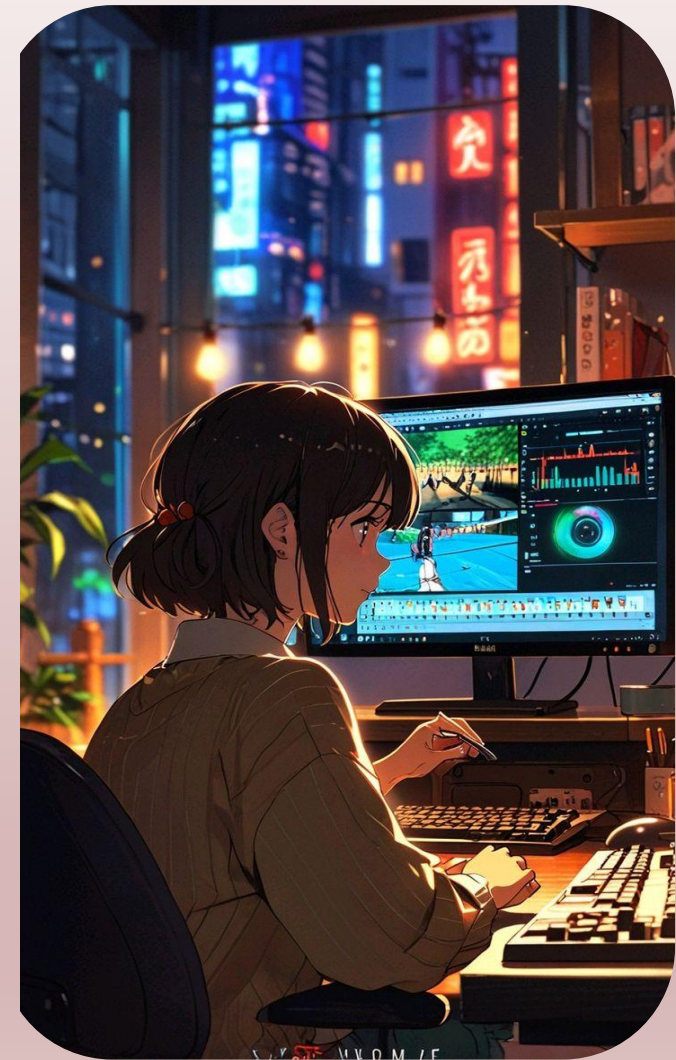

Creators & Learners.

Creators & Learners.

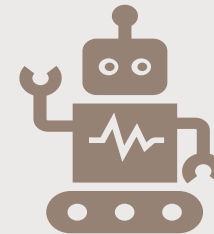

Creators & Learners.

CONCLUSION

Summary: A Smarter Way to Work & Learn

B ullet Points:

NoteGPT is more than a note-taker; it's an AI assistant that transforms raw content (videos, PDFs, meetings) into valuable knowledge.

The key benefit is simple: it saves you countless hours and helps you focus on what truly matters—understanding and creating.

This is the future of personal productivity. We invite you to start working smarter today.
